

NHI Bahamas Primary Care Providers

- During enrollment, you will be asked to select your Preferred NHI Bahamas registered Primary Care Providers from the list below.
- Successful selection of a Primary Care Provider will ensure you are enrolled with the provider for a 12-month period from the commencement of NHI services.
- Certain Provider Specialties are limited to specific age groups:
 - Pediatricians will treat beneficiaries between 0 – 18 years of age
 - Internists will treat beneficiaries above 18+ years of age
 - Family Medicine Specialists and General Practices serve all age groups unless specified otherwise.

What to consider when selecting a provider selection:

- **Convenience** – select a provider near your home or workplace for easy access
- **Specialty** – select a provider who is appropriately trained to serve you or your children

Maternity Care Providers

- NHI Benefits cover primary care level maternity care services.
- Upon discovery of pregnancy by a Primary Care Provider, a beneficiary will have the choice to receive her maternity care from an appropriately trained Primary Care Provider in delivering these services or elect to receive her care from a specialist in Obstetrics and Gynecology
- In the cases of high-risk pregnancies (as determined by the Primary Care Provider) these will be referred to a specialist in Obstetrics and Gynecology
- Delivery services are not included in the benefits package during the primary care phase of NHI

Pediatric Care Providers

Pediatric care under NHI Bahamas offers a range of primary care services to ensure the health and well-being of children.

Parents/Guardians are encouraged to select a paediatrician to provide necessary care for their children. It is also advisable to check the specific specialties and age groups served by each provider to ensure they meet the child's healthcare needs.
